For the benefit of those who wish to know more: HOLIDAY GREETINGS and to all a good night! I know what yer saying, what's there to celebrate this year?? WELL I'LL TELL YA there's a lot. First of all, rejoice in the fact that you cannot be bothered to germs while dining out or drinking at a bar and you most DEFINITELY will not carry those home to grandma!! **based on a survey of 25 bankers** I know what you're really asking. Where is the CULTURE CRINGE book I spoke so highly of earlier this year? Turns out I took the master plates to the cheapest printing press I could find and that happened to be in Oymyakon RUSSIA and unfortunately I can't make it back there for obvious reasons and they won't send the originals back and it's a big big mess. For all of you that did the preorder, I promise your \$2,500 investment will eventually yield the book. And for the rest of you, when it arrives (hopefully in 2021) it will be available at the MSRP of \$10!!

Now for more good news. I have another FOOL - PROOF formula to help you not only save money, but beat the system!!! It is what I call Cringey's 3 STEPS TO SECURITY. And if there ever was a year to have one, this is it. OK here we go.

What's that song. It's on the tip of your tongue. Tangled up in sine waves. From someone else. A recorded voice. Talkin' to a dictaphone. Givin' you the answer. Like it just is. IF I COULD CONCENTRATE...Making an adjustment. Riding in skybuckets. Your best tooth fell out. And now you grit your teeth. A recorded voice. Talkin' to a Speak and Spell. Givin' you the answer. Like it just is. IF I COULD CONCENTRATE.....

My mind has wandered, from the straight and narrow
My mind has wandered from the flock you see
My mind has wandered, the man just said so
My mind has wandered I heard it on TV
And the flock has wandered away from me

I predict that there will be only four things remembered out of the 20th Century—four things they can definitely prove existed. These four things will be a mechanical eggbeater, the music of Liberace, Mae West, and someone by the name of Cringey.

CRISWELL PREDICTS

An important decoded transmission below

There has been a lot of talk about the contents of the zine from WINTER 2020 (earlier this year) AKA "Cringey Predicts, From the Grave" (back issues still available at the low cost of \$799 plus shipping) whereas I, henceforth known in this writing as the defendant "Cringey", made certain specific predictions about the state of our city and humanhood. ***Commercial Break*** Be sure to check out the band DRY CLEANING @ drycleaning.bandcamp.com, they're good. ***End Commercial Break*** SO YES, as it has been pointed out many many times at our secret society meetings (which have been performed at great social distance, even further then normal circumstances) that my predictions fell short this year. And it takes a wise person to admit when they were wrong, and that is why I am here to say that I was indeed **NOT** wrong. It appears that I looked too far into the ether and visualized things that are still, my friends, still yet to come. **HOWEVER**, I am here to proclaim right here, right now in this "year of our lordy have mercy 2020" that one prediction, about the lack of Vitamin C (or as I worded it, the **outlawed** vitamin) was in fact **correct**. As you know, at one time the vitamin was in great demand and exhausted everywhere, and what I did see in my vision quest was the inability to **obtain** said vitamin. Part of my job as a seer is to interpret the visions and that is what I did to the best of my ability. If you would like this statement hand written out for your lock boxes, I can do so for a nominal fee. This message will self destruct in 4.....3.....2.....1.....

I asked my old friend friend FLOYD THE BARBARIAN to illustrate someone putting a cigarette out on their tongue, swallowing it, then peeing pooting out a puff of smoke and LO AND BEHOLD he delivered!!! merry xmas
